2.720 to 2.779	24%
2.780 to 2.839*	25%

\* This chart continues. For every 0.059 increase in fuel, there is a 1% increase in charge – same as above.

The fuel surcharge will be applied to all shipments made on the day the surcharge becomes effective and shall remain in effect without modification for a period of one week until the surcharge increases, decreases, or becomes ineffective when the Hotline is updated. The current fuel price will be based on the national average price of diesel fuel reported by the Interstate Commerce Commission Hotline (phone 202-586-6966) as updated every other Monday at Noon Eastern Time.
